

Centre for Inclusive Development Charitable Trust

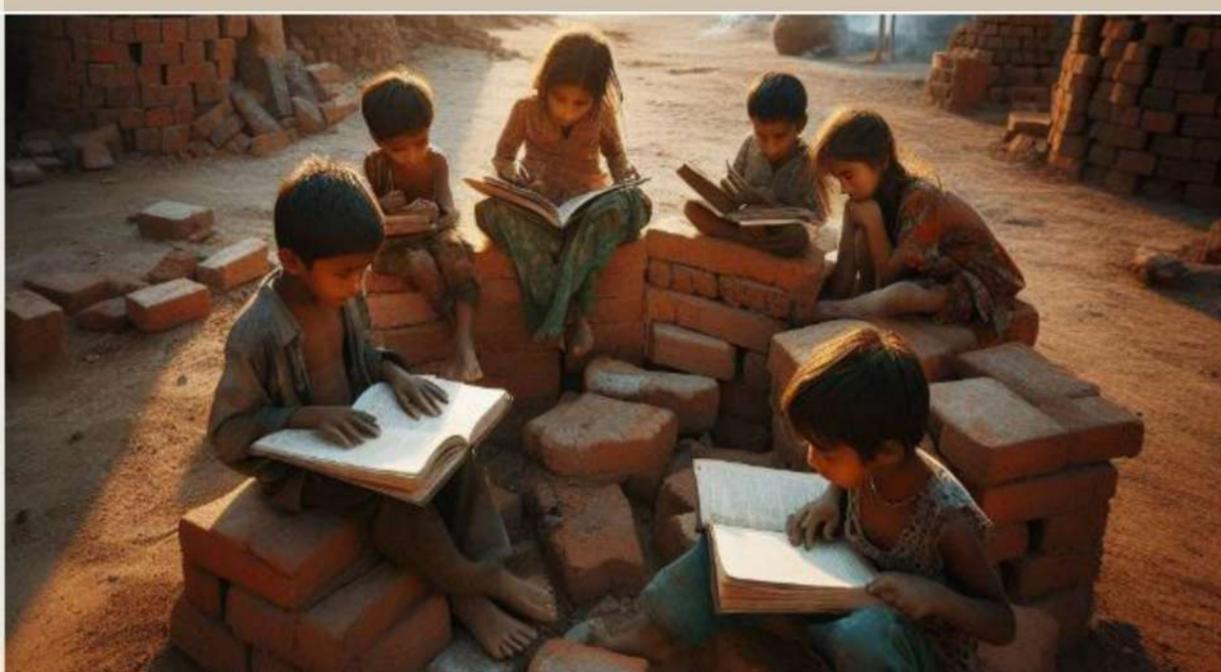

In a nutshell..

In our newly launched school for underprivileged students from brickfield labor communities, our main aim is to ensure quality education and bridge the learning gap for every child. Alongside regular studies, our passionate volunteer teachers are actively identifying and nurturing talents like dance, singing, and recitation among the students, gearing up for the upcoming 'Rabindra Jayanti' event. Noteworthy performers such as Rajesh Mondal, Nindini Roy, Rakesh Mondal, and Boisakhi Gupta will be showcasing their singing talents, while Rupa Roy, Borsha Gupta, Monisha Mondal, Puja Ghosh, and Biristi Gupta are preparing for dance performances. Additionally, Subham Roy will captivate the audience with his recitation skills. This month, we've also conducted height-weight checkups, including BMI calculations, to identify malnourished children in our school and provide necessary support.

Our pledge..

May 1st is celebrated as International Labour Day. The official theme for International Labour Day 2024 has not been announced by the International Labour Organization (ILO). However, based on recent themes, the focus is on ensuring safety and health at work in a changing climate. The day is observed to remember the struggles and sacrifices of the workers and labor movements. In the year 2020, we experienced the struggle of migrant workers trying to return after a sudden lockdown during the COVID -19 period. Even after this terrible experience, both governments have not taken any initiative to address the issues faced by migrant workers. Till date, the government has no proper data on migrant workers, which is very alarming for the future where we may see a repeat of similar situations. Even after the COVID-19 period, many children have dropped out of school and joined the informal work sector. It is a tough job to re-enroll these children in their respective schools. As a non-governmental organization, it is our duty to create more awareness of the rights of workers, with a special focus on migrant labor. Additionally, more awareness is needed to address the prevention of child labor. This May Day, CIDC Trust also pledges to create more awareness on these issues.

The Centre for Inclusive Development Charitable Trust is dedicated to empowering the children of migrant laborers. By enrolling them in local government schools, we ensure they receive their fundamental education. Let's unite and support this noble cause for a brighter, more inclusive future!
